

COMPLETE MATERIAL HANDLING SOLUTIONS

ENGINEERING EXCELLENCE · END-TO-END SOLUTIONS
DESIGN · MANUFACTURING · INSTALLATION · AMC

From concept to commissioning — your trusted crane partner

WHO WE ARE | WHAT WE BUILD

ANGAD ENGINEERS is built on one simple idea: delivering the right solution, not just a product.

We are a professionally driven company offering end-to-end solutions in industrial cranes and material handling systems, from design and manufacturing to installation and after-sales service.

Our strength lies in combining engineering excellence with a deep understanding of industry demands, ensuring every solution is safe, efficient, and built to perform.

We aim to empower industries by delivering the right equipment that drives productivity and long-term growth.

We don't just build cranes. We build complete lifting ecosystems.

End-to-End Crane Solutions

- ◆ Customized crane design for complex industrial needs
- ◆ Precision manufacturing aligned with global standards
- ◆ End-to-End Execution Capability
- ◆ Reliable After Sales & AMC Support
- ◆ High-quality spares for uninterrupted operations

One Partner. Complete Responsibility. Zero Hassle.

SOLUTIONS FOR EVERY LIFT

From light-duty lifting to heavy industrial operations, ANGAD ENGINEERS delivers solutions engineered for performance and reliability.

Electrical Overhead Travelling Cranes (Single & Double Girder Crane)

Capacity: 0.5 Ton onward | **Span:** 3 Mtr to 40 Mtr
Lift: 0.5 Mtr to 16 Mtr

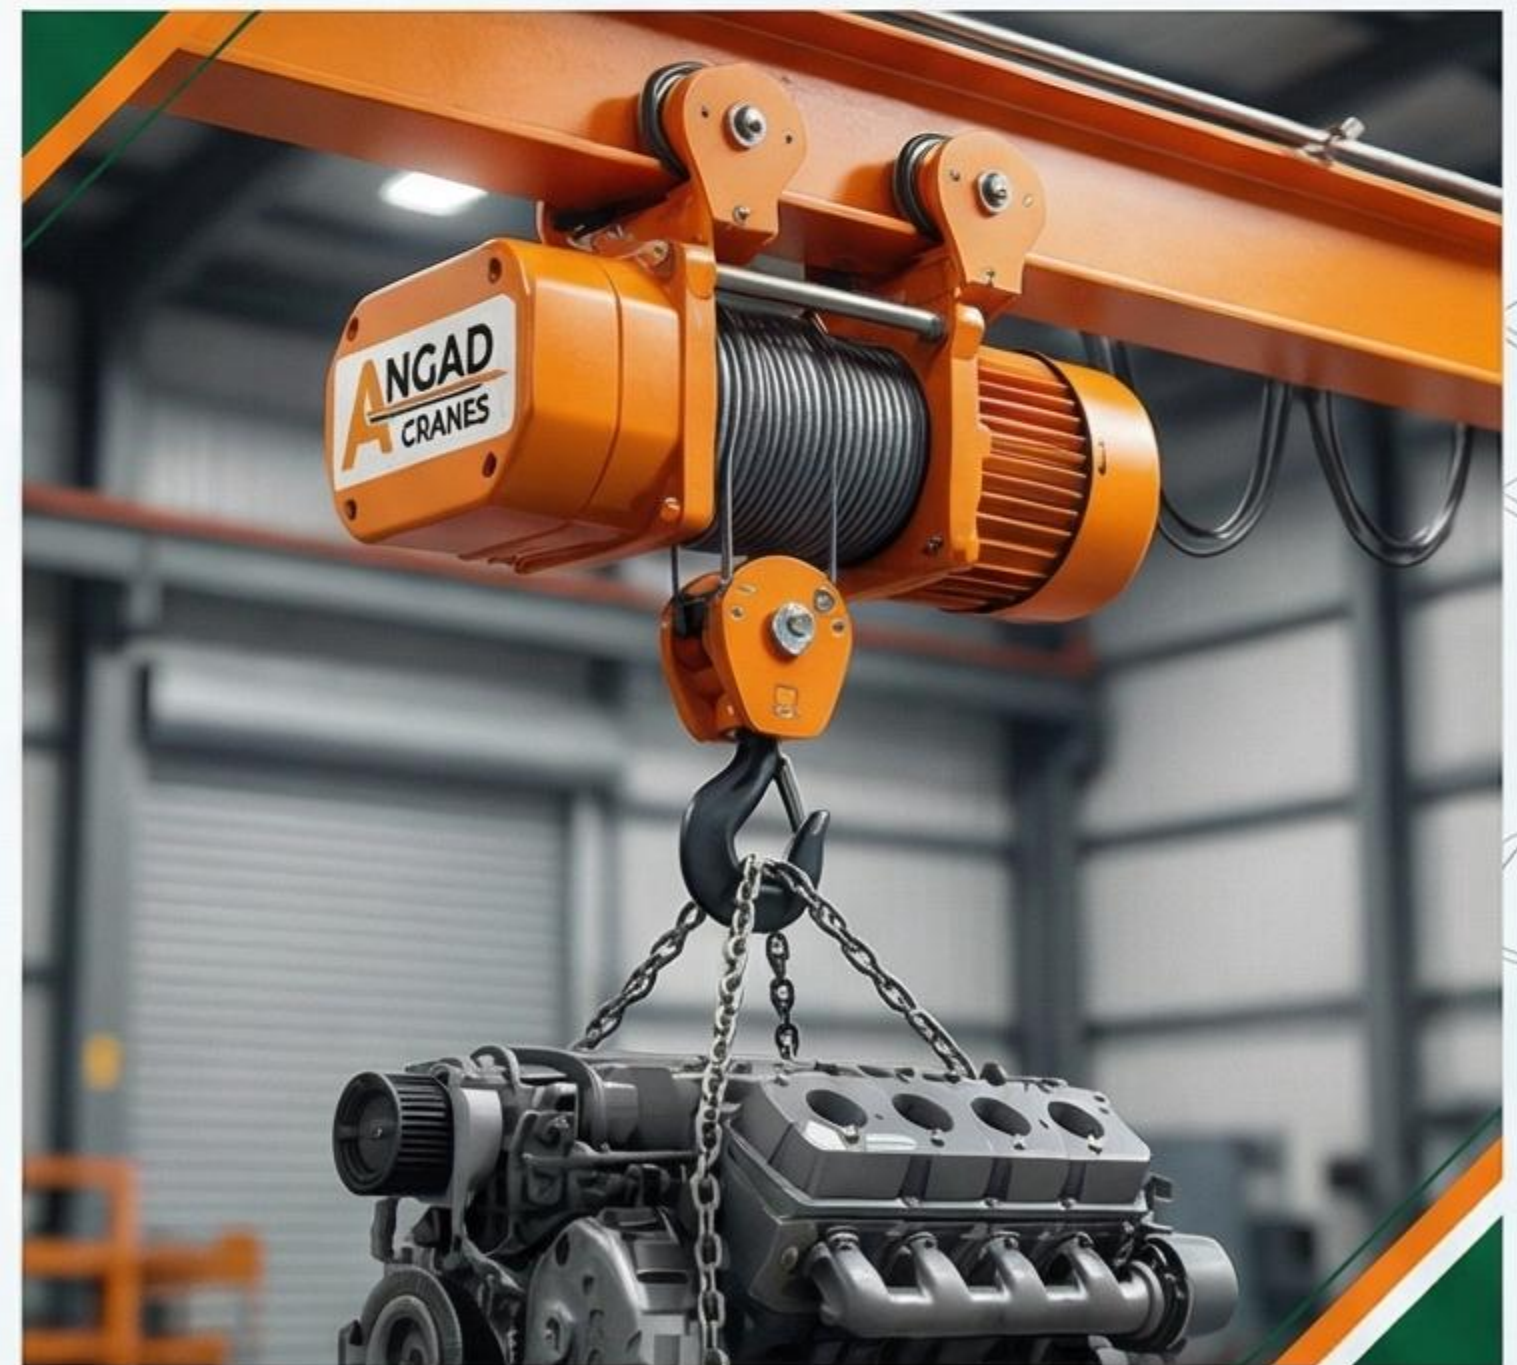

Gantry Cranes (Goliath, Semi Goliath Single & Double Girder Crane)

Capacity: 0.5 Ton onward | **Span:** 3 Mtr to 40 Mtr
Lift: 0.5 Mtr to 12 Mtr

Jib Cranes (Pillar Mount, Wall Mount & Movable Jib Crane)

Capacity: 0.15 Ton onward | **Boom Length:** 1 Mtr to 8 Mtr
Lift: 2 Mtr to 12 Mtr

Hoist (Electric Wire Rope Hoists, Crab, Chain Hoists)

Capacity: 0.15 Ton onward | **Lift:** 2 Mtr to 16 Mtr

◆ CATEGORY 1: ELECTRICAL & CONTROL SYSTEMS

DSL Busbar System

Radio Remote Control

Pendent

Master Controller

Limit Switch

Resistance Box

Control Panel

Current Collector

◆ CATEGORY 2: MECHANICAL COMPONENTS

Gearbox Assembly

Gearbox Internals (Gears & Pinions)

Wheel Block Assembly

Wire Rope Drum

Couplings (Half / Full Gear)

◆ CATEGORY 3: LIFTING & SAFETY COMPONENTS

Hook Assembly

Wire Rope

Anti-Collision Device

Buffers (Rubber / Spring)

◆ CATEGORY 4: BRAKING SYSTEMS

AC/DC Brakes

Thruster & Solenoid Brakes

◆ CATEGORY 5: MATERIAL HANDLING ACCESSORIES

C-Rail Festoon System

Cable Trolley

LIFECYCLE SUPPORT FOR LIFTING SYSTEMS

From installation to modernization, ANGAD ENGINEERS ensures complete lifecycle support for your lifting equipment.

ENGINEERED FOR EVERY INDUSTRY

Engineered for industries that demand performance without compromise.

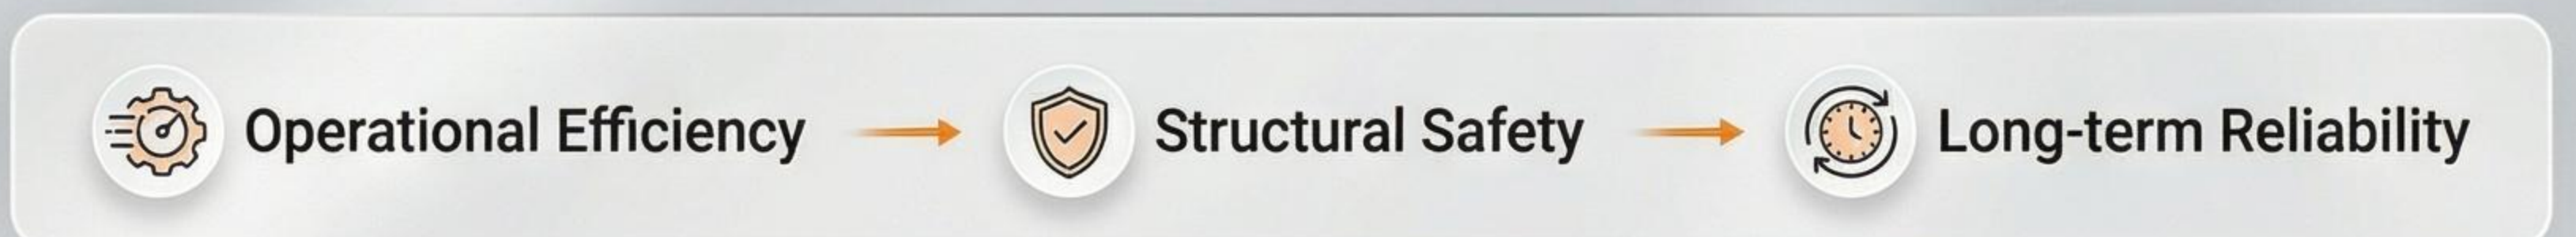

FROM CONCEPT TO CONTINUITY

We deliver a seamless, integrated approach across the entire crane lifecycle

Every solution is built to ensure:

From idea to operation – we handle everything.

OUR ESTEEMED CLIENTS

Trusted by industry leaders, our solutions power operations across diverse sectors:

Trusted by Industry Leaders Across India

And many more...

“Built on Experience. Driven by Vision.”

ANGAD CRANES represents the coming together of experience, expertise, and vision. Formed by the strategic fusion of **Seltech Engineers** and **Charang Cranes Industries**, two well-established EOT crane manufacturers from Nashik. The company combines years of proven engineering excellence with a forward-looking approach to material handling solutions.

Backed by over 15 years of industry experience from its founding partners, Mr. Chetan Bagul and Mr. Shailesh Pansare, and strengthened by the extensive technical expertise of Mr. Premkumar S—a veteran with over 35 years of experience in the field—Angad Cranes is built on a legacy of trust and performance.

Today, we deliver end-to-end crane and material handling solutions designed for efficiency, safety, and long-term reliability across industries.
